***ABSENCES:** We kindly ask to let teachers or staff members know when absent, via text or email is acceptable to any of our staff members. Any students absent for more than 3 weeks without any notification to staff can incur the student being dropped from the class. Also please notify Staff if students are not continuing classes as a courtesy.

***LOCKDOWNS/ALTERING CIRCUMSTANCES:** In the unfortunate circumstances of Lockdowns / or of similar altering conditions preventing the dance school running classes, and of which are occurring for longer than 1 week, Amy Newton Dance Studios guarantees to provide some of the following options;

- Online zoom classes
- Tutorial videos on Band made available weekly to uphold our policy of term payments made. Students paying by the lesson are expected to pay their lesson fees if attending these online substitutes of classes.
- Make-up classes or training days either discounted or free depending on the circumstances upon return.

***ADVANCED CLASSES:** Some students may be selected for Advanced classes based on abilities and dedication within the genre specified. These students are expected to hold high demand of strong ability, discipline, attendance, resilience and prepared for a lot of hard work physically and mentally, and expected to attend training days. Although discussions and recommendations by staff are taken into account of students for selection, all final approval and decisions are fully made by Principal Amy. We welcome people asking how the Advanced classes, and selection process works, but we firmly ask that Parents and Students **not request or demand for advanced positions**, it is under the discretion of teachers looking out for the overall students wellbeing. ANDS staff will not cower to threats of quitting or other malicious intentions if not receiving an advanced spot, this could further put a student at the bottom of the list, as we look for all selected students that trust our guidelines and show us they can blend, respect and work well with the current advanced students, proving to be an asset to the team. These classes are fast-paced, all students are expected to learn quick, adapt to fast changes and handle expectations set. Behaviour, respect and mental stamina must be a part of the Advanced group as a whole. Advanced Students can be dropped from classes if they are not showing strong enough dedication/attendance, or keeping up with the class criteria.

***ADVANCED STUDENTS LEAVING/TIME OFF:** If an Advanced student leaves or quits they then lose their spot and cannot return into that class as they wish without the assessment and permission of Principal Amy, and availability of spots. If a previous advanced student does return to dance after quitting, they must start back in the standard set genre classes to be able to work their way back into an advanced class, proof of abilities and dedication must be shown. Advanced students may ask for permission to pull back or withdraw from an advanced class for a certain period of time this could be due to health, work, studies etc. In such circumstances a spot can be held until a point of return for instance 6 months or a year off. In these permissible cases a student can hold their spot in advanced but will still be assessed to see they can still keep up with the advanced training and classes set.
